Subject: FW: CFAC community update
Attachments: CFAC Brochure - October 2015.pdf

Importance: High

Hi, Mike,

A couple of ideas come to mind about this. First is letting folks know that EPA will be conducting interviews for the CIP starting early next year. The other is opening the door for a CAG. I think we would need to discuss both with CFAC first, and I'm not sure we have time before Friday.

I'm assuming they will cover the AOC.

Your thoughts?

Importance: High

Mike and Cynthia,

Our office is beginning to prepare the final community update for 2015. Is there anything you would like to have included or to provide for the publication? I am attaching the most recent issue to provide an idea of what we prepare. The upcoming issue is intended to include highlights of project efforts in 2015 and overall plans for 2016. It is mailed directly to addresses (homes and businesses) close to the site, as well as other key stakeholders, such as the panel and elected officials. The total mailing list is 628.

If you could provide your input by COB, Friday, December 11, I would be most appreciative. Once we complete the draft, I will send it back out to you for review.

Much thanks,
Mary
